SUBJECT: Suggested examples of significant D/GC accomplishments 1 July -  
31 December 1957

The following maps are considered to be significant contributions to intelligence activities during the first half of FY 1958:

- ✓ 1. A series of 3 maps in support of a D/GC study on USSR Guided Missile Ranges. This study with accompanying maps contributed significantly in delimiting potential range areas.
- ✓ 2. In cooperation with D/GC, 2 Geographic Memorandums dealing with the Israeli and Algerian problems were produced and distributed at a fairly high level.
- ✓ 3. [REDACTED] the Division constructed 20 special maps (Chapter IX) for their contribution to the NIS program. This joint effort between the Agency and [REDACTED] has proved most cooperative during the past several years. 25X1X7
- ✓ 4. Four Chapter I (NIS) Summary maps on Turkey, Belgium, Bulgaria, and France were completed during the past 6 months. These maps summarize the basic intelligence on each country and feature terrain representation in a manner which has been developed in D/GC during the past several years.
5. A map featuring the Middle East petroleum situation was prepared for the National Security Council via the DD/I.
6. A series of 16 maps and charts featuring Monitor and Jammer Locations in Eastern Europe was prepared for the Office of Scientific Intelligence. This graphic portrayal was very effective.
7. A new series of U.W. projects was initiated during the period with the first completed late in the period. This newest approach to the problem will continue to require attention during the next year.
